*November 1, 2010—FOR IMMEDIATE RELEASE*

## **King's Cutters Just Got Bigger**

O'FALLON, MISSOURI – King Innovation's extensive line of tools is expanding again, with the addition of our largest Ratchet Cutter yet, designed to easily slice through 2" pipe.

This Ratchet Cutter is powerful, with a stainless steel blade that effortlessly slices all the way through for a smooth, precise cut the first time. King Innovation's Ratchet Cutter cuts right through a variety of pipe, up to 2" SCH40 or Class PVC Pipe, Yellow (PE) Gas Pipe, and poly (PE) pipe or rubber hose.

An ergonomic comfort squeeze handle makes King's 2" Ratchet Cutter easy on Contractors' hands, while a durable cast aluminum body ensures this cutter will remain strong, even after heavy use. Replacement blades are available and easy to change, so rest assured that you will never get stuck with a dull blade again; King Innovation's 2" Ratchet Cutter is built to last.

For specification sheets, free sample requests, high resolution images, or to contact a representative, please visit us online at [www.kinginnovation.com](http://www.kinginnovation.com).

King Innovation specializes in the development, design, and manufacture of innovative products to meet customer needs.
