January 1, 2010 – FOR IMMEDIATE RELEASE

King Innovation® Adds Teflon Tape to its Line of Accessories

O'FALLON, MO— King Innovation® has expanded its line of Accessories to include [Teflon Thread Tape](#).

King Teflon Thread Tape is designed to create a watertight seal around pipes. This aids in the prevention of pipe leaks, keeps unwanted debris out of pipelines, and resists corrosion for a lasting seal. For quick installation, tape is flexible and easy to tear off.

Available in ½", ¾" and 1" sizes, King Teflon Thread Tape meets Contractor needs. Each roll is 520" long for all day use. With a temperature rating of -375°F to 500°F, Teflon Thread Tape is able to hold strong despite harsh weather conditions.

Teflon Thread Tape joins Duct Tape, Electrical Tape, and our new PVC Pipe Wrap Tape, as well as a variety of Anchor Kits, Buckets, Tote Trays and Staples to expand King's line of [Accessories](#).

For specification sheets, free sample requests, high resolution images, or to contact a representative, please visit us online at www.kinginnovation.com. While you are there, be sure to use our [Where to Buy](#) feature to locate your nearest King Innovation Distributor.

King Innovation specializes in the development, design, and manufacture of innovative products to meet customer needs. King's wide product offering includes DryConn® Waterproof Connectors, Contractors' Choice™ Connectors, SnapTap® Saddles, AlumiConn® Aluminum to Copper Lugs, DryConn® VisiLock™ with SmartGel™, King Drains®, King Grips®, Comfort Squeeze® ergonomic hand tools, and a variety of accessories.

Located outside St. Louis in O'Fallon, Missouri, the King Innovation headquarters houses its R & D laboratories, manufacturing and office facilities.
