

Contractors' CHOICE™

DID YOU KNOW THAT CONTRACTORS' CHOICE:

Offer value and variety?

Contractors' Choice are available in three different styles to meet Contractor preferences, nut wing and push-in. Not to mention, they're the best value out there.

Are approved by the big guys?

These connectors will pass any inspection you put them through. Tested per UL standard 486C and CSA standard C22.2 188 as a pressure cable connector, they also meet the requirements of NEC standards and are encased by a ThermoPlastic flame retardant shell.

Are color-coded?

All three nut, wing and push-in styles are color-coded to industry standards for easy identification and to meet Contractor needs.

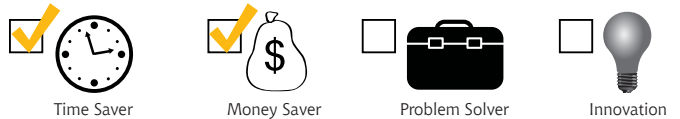

Are served up just how you like 'em?

Available in box quantities or in bulk bags, Contractors' Choice come packaged to your preference and to meet your needs.

Will help you get away on a Caribbean vacation?

Did I get your attention? Contractors' Choice Connectors may not help you fund your next family fun in the sun weekend, but with prices up to 40% lower than competitive products, there is no doubt that they can save you some serious dough.
